The true indicator of any good pub can be found in the quality & range of food & drinks on offer, here at The Gordon Arms we spend a great deal of time & effort to ensure our standards are kept at a premium.

We pride ourselves on homemade, locally sourced, top quality pub grub. Every effort is made to source red tractor meat - red tractor is an independent mark of quality that ensures produce comes from UK farms that meet defined standards of food safety and hygiene, animal welfare and environmental protection. It also guarantees that food can be traced back to its source. We have also taken the time & effort to provide a menu that now offers a range of dishes prepared & cooked on-site to order.

We are especially proud of our reputation for serving quality real ales. Having recently become accredited with both Cask Marque & CAMRA (all CAMRA members are entitled to a 10p discount on a pint of ale). Every month we operate a rotation of a number of different ales; keep a regular eye in the pub to check what is on offer, or make a recommendation to us & maybe we can serve you a pint of your favourite tipple!

We also stock top brands of draught or bottled lager & cider, as well as an extensive range of spirits & minerals/soft drinks.

We sell wine by the glass or by the bottle.
